Columbia, South Carolina 29210

Re:

GCRM-121, Docket No. (to be assigned)

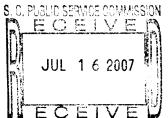

Dear Mr. Terreni:

The rate changes reflected in this filing, as shown on the attached schedules, are necessary to update Piedmont's rates to reflect changes in Piedmont's wholesale costs of gas in light of the current status of Piedmont's deferred gas cost accounts. Specifically, the current benchmark cost of gas reflected in Piedmont's rates is \$7.50 per dekatherm. Closing wholesale futures contract prices for natural gas deliveries for the bulk of the winter 2007-2008 period, as reflected on the New York Mercantile Exchange, are presently in the range of \$8.35 to \$8.72 per dekatherm. Further, Piedmont is currently maintaining a negative (undercollected) balance in its deferred gas cost accounts relative to South Carolina customers. This means that the costs of gas incurred by Piedmont in order to serve South Carolina customers over the last year has exceeded the revenues collected from those customers for that purpose. Based on these two factors, Piedmont is at substantial risk of the serious undercollection of its wholesale gas costs in the near future if the benchmark cost of gas reflected in its rates is not increased as proposed herein. The relief requested herein will also ensure that the wholesale gas costs reflected in Piedmont's rates are reasonably consistent with the prevailing market price for natural gas and will thereby avoid the creation of artificial market signals/incentives to parties who utilize this commodity for fuel or process purposes.

The rate change proposed by this filing is an increase of \$0.10216/therm for sales rate schedules (201, 202, 221, 232, 242, 252, 262, 203 and 204) and an increase of \$0.00126/therm for transportation rate schedules (213 and 214). Piedmont hereby requests approval of this GCRM filing in time to implement these rate changes effective August 1, 2007.

Please accept the original and 26 copies of these materials for filing and return the additional "filed" stamped copy to me in the enclosed self-addressed stamped envelope.
